

Gleichen Call

TWENTIETH YEAR NO. 14

GLEICHEN, ALBERTA, WEDNESDAY, JUNE 23, 1926

Prov Library Dec 31, 1926 2.00 PER YEAR

MINUTES OF BLACKFOOT M.D. MEETING

Sixth meeting, 1926.
Minutes of the regular meeting of the council of Blackfoot, M. D. No. 218, held in the municipal office, Gleichen on Tuesday.

Present: Reeve Thorasen, Deputy-Reeve McBean and Councillors Daw, Maynard and Dunstan.

The minutes of the previous meeting were read and confirmed on motion of Councillor McBean.

The road commissioner reported progress in his negotiations in regard to the nuisance ground and the right of way thereto.

A letter was read from the Department of Municipal Affairs stating that, if the nuisance ground was purchased for the hamlet of Chancellor, the cost in connection therewith would be a charge against the hamlet.

Councillor Dunstan was of the opinion that, as the right-of-way to the nuisance ground would be used by several residents of this municipality as a road to and from their market place, that part of the expense should be borne by the municipality as a whole. It was finally decided to leave the matter over to be dealt with at our next meeting and in the meantime to secure further information.

The weed inspector gave a report of the proceedings of the convention he attended at Olds on the 19th and 20th of last month. He stated there were some eighty delegates present as well as the field supervisors and several officers of the Department of Agriculture, briefly outlined the subjects discussed and remarked on the determination manifested by those present to vigorously combat the weeds in this province.

Coun. McBean: That the report be received and filed.—Carried.

Mr. Ranton, department field supervisor for this district was present and discussed with the council the weed problem. He stated he was pleased to find that a staunch campaign was being waged against the weeds by our weed inspector and inquired as to what stand the Council took in the matter.

Coun. Dunstan: That we fully approve of the work of our weed inspector and will firmly stand back of him in his efforts to control the weeds.—Carried unanimously.

Mr. Ranton complimented the council on the stand they are taking and assured them of his full co-operation and support.

A letter was read from Mr. W. J. Stephen, field crops commissioner of the Department of Agriculture, quoting two resolutions that had been passed at the recent weed inspectors' convention and asked this council for their approval thereof. The resolutions were carefully discussed.

Coun. Maynard: That we endorse the resolutions noted in Mr. Stephen's letter and instruct our secretary to forward copies thereof to the secretary of the Alberta Association of Municipal Districts to be brought before the next convention of that body.—Carried.

Coun. Thorasen: That we approve of the estimate for Division 1 amounting to \$1640.00.—Carried.

Coun. Dunstan: That this council has no objection to the cancellation of the lots and lane in Block 13E Plan "Gleichen, 6753 A D" and having the same recorded in acreage.—Carried.

Coun. Maynard: That the accounts and paysheets as O.K'd by the finance committee be passed and ordered paid.—Carried.

The secretary read appeals from two ratepayers of the hamlet of Chancellor complaining that their business assessment was too high. It was pointed out that although the time for entering such appeals was past, the council could correct any gross errors. The basis of the assessment was carefully explained.

Coun. McBean: That we confirm the business assessment of all parties concerned within this municipality.—Carried.

The secretary stated that with the

All Ready for Stampede Opening Friday Next

Once again Gleichen is already for another big Stampede, and there is no gain-saying that Gleichen's reputation for high-classed Stampedes stands second to none anywhere.

The only thing that can possibly mar the success for Friday will be the weather, otherwise visitors may come assured of seeing and enjoying all that Stampede means.

Already our town is taking on the colorful effects that ever preceeds a real live cowboy and cowgirl day of sports. The big broad hats, varied colored shirts and dresses accompanied by the jingle of spurs and the clattering hoofs of the horses are all becoming the ordinary sights on our streets. Yes the boys and girls are arriving from far and near. Walter McHugh has been down in the States and Monday night arrived back in Calgary and phoned Manager Desjardine to look up some extra bad bucking horses as he had with him a number of cowboys from the Western States on their way to Winnipeg who had agreed to stop off at Gleichen Friday for the fun.

From every point of the compass other cowboys and girls have been phoning and writing that they will be here and all over the prairie they can be seen making themselves proficient in riding and roping for the grand occasion.

Last Saturday night a number were in from the roundup of horses and cattle and stated "a fine bunch of wild critters" had been corralled, and told many a funny story of their troubles with wild ones.

The management and the helpers are all working late and early in feverish haste to have everything in the best possible shape by Friday.

The question of feeding the big crowd is being given attention and all may rest assured their needs in this will be amply supplied.

Shorty Campbell "The Rambling Cowboy," who has been on his way from Toronto since early in March doing publicity work for the Calgary Stampede, reached Gleichen yesterday and says he is ready to act as clown at the Gleichen Stampede, but at that time had not completed arrangements with the management.

The baseball match at 6:30 will be a regular league game between Arrowood and Gleichen and promises to be a dandy.

The dance—well, now, if you never saw a real stampede dance don't miss this. All who have seen a stampede dance need no telling—they'll be there.

School Fair Sports June 30th

Next Wednesday afternoon the always been suitable in September usual school fair sports program will and often it has interfered with the be run off at the Gleichen Fair success of the fair. Appended is the grounds. This has been decided as program and will no doubt bring forth in former years the weather has not many young athletics.

1. Boys running race, 13 to 15
2. Boys running race, 9 to 12
3. Boys running race, 7 and 8
4. Boys running race, under 7
5. Girls running race, 13 and over
6. Girls running race, 9 to 12
7. Girls running race, under 9
8. Boys sack race
9. Boys and girls skipping, under 10
10. Boys and girls skipping, 10 and over
11. Boys tub rolling race, over 10
12. Girls tub rolling race, over 10
13. Boys three legged race
14. Girls three legged race
15. Relay race, 4 pupils from each school
16. Boys high jump, under 15
17. Boys high jump, 15 and over
18. Girls high jump
19. Girls long jump, under 15
20. Girls long jump, 15 and over
21. Boys long jump, under 15
22. Boys long jump, 15 and over
23. Half mile race
24. Tug-of-war, between schools, 8 on a side, boys or girls

approval of the road commissioner he had written the Department of Public Works complaining that the contractor in building that part of the trunk road within this municipality had thrown waste sods and earth on the strip of land between the ditch and the fence line, which was not only contrary to the provisions of one of our by-laws but created a suitable ground for weeds to flourish on and spread to adjoining lands asking what stand the department took in the matter. Mr. Davidson highways commissioner, promptly replied that this did not meet with the approval of his department, that he had asked his engineer in charge for a report on the matter and had issued instructions to have such work discontinued.

Coun. Daw: That the secretary be instructed to send Mr. Davidson a letter stating that this council appreciates such quick response to our letter in having the practice stopped and to continue negotiations with a view to having the sods and earth cleared from that part of the road complained about.—Carried.

Coun. Daw: That the secretary be authorized to pay for the new table ordered for the office.—Carried.

TOWN AND DISTRICT

The Catholic Women's League are holding a home cooking sale and tea, Saturday afternoon, June 26, at 3 o'clock in the Community Hall Club room.

The regular meeting of the Gleichen Women's Institute will be held in the Community Hall club room next Tuesday evening June 29th. A full attendance of members is requested as this will be a social evening for members and their husbands.

Miss May Jones has been obliged to get a substitute for her school at Lake MacGregor and is now ill at her home in Gleichen.

Everyone entitled to vote should do so on June 28th.

LEAGUE BASEBALL RESULTS TO DATE

In last night's ball game Gleichen won from Meadowbrook.

The Sunday ball game at Meadowbrook was won by Milo.

Queenstown won from Milo last night.

CRAIGANTLER ITEMS

The district during the past week week has had a few good rains, over two inches fell during the week. Everyone feels more contented, likewise the ditchriders.

There was a good acreage irrigated and if the dry spell had kept up there would have been a large acreage of wheat irrigated.

Mr. P. Monorey, of the Bank of Montreal staff, was visiting with his daughter and son-in-law, Mr. and Mrs. Dankwerth. Mr. Monorey takes his vacation on the farm every summer.

L. H. Laverdison is making large improvements on his property at home and on section 9-24-22, being close to the market road he is going to make a great improvement to the surroundings.

Tuesday Rev. Mr. Bevan and his wife left by auto for his new charge at Coleman, where they will reside in future. Mr. Bevan has been in charge of the United Church in Gleichen for the past two years and they leave many friends who regret their departure. Before leaving Mr. Bevan received a urgent call to return to Provost to take charge of the church there, where he spent several years before coming to Gleichen. The friends of Mr. Bevan presented her with a very beautiful gold wrist watch as a token of appreciation of the many kindnesses she had shown during her stay in Gleichen.

"CAPTAIN RACKET"

ODDFELLOWS COMEDY PROVES MOST SUCCESSFUL

Although the evening was very cool and rainy, the attendance at the play entitled "Captain Racket" was splendid and beyond expectation. The same was presented by members of the local I. O. O. F. and under the auspices of the lodge. Fortunately they had been able to secure the personal services of Mr. Belmont of the "Belmont Players," Calgary, for the coaching and rehearsing of the play. Everyone of the players seemed particularly adapted to the assigned role and the various intricate plots and meanings were carried out with great skill and finesse.

It was a pleasure to study the makeup and costume of the actors. Captain Robert Racket, of the National Guard, represented by S. E. Daffoe, not speaking of his qualifications as a lawyer, was certainly, as advertised a liar at all times. Obadiah Dawson by R. A. Brown, could not have been more typically displayed and his spirit of scheming with little ability to carry out his plans, was very well taken up. L. R. McEntee figuring Timothy Tolman in the play, and R. C. Clifford as Mr. Dalroy, his father-in-law, certainly succeeded in creating some real laughter among the audience, and professionals could not have done much better. Mrs. J. Eglesse as Clarice Dalroy, had a very difficult although comical part which she splendidly rendered. Katy and her mistress Mrs. Tolman, represented by Mrs. Satter and Mrs. Maclean respectively, played with real art, at one time critically serious and then again up to mischievous tricks and plots. "Getting even" was their spice of life with a little bit of sugar and honey, called "Tootsy Wootsy" mixed into it. While in closing the play did not seem take the climactic turn one would expect and also rather seemed to lack of pep in bringing in the closing events, one cannot but admire the degree of perfection with which the play was given. Great credit is due to the Gleichen band for the splendid effort in bringing out the little variations and keeping down the volume to suit a close-up audience, is well worth of special mention. The play is being staged this week in Vulcan under the auspices of the I.O.O.F. and it is to be hoped that it will meet with as good success and approval as it did in Gleichen.

UNITED CHURCH NOTES

The service on Sunday evening will be conducted by W. Sutermeister. The choir will as usual be in charge of the musical portion of the worship.

At this service the details of Rev. Geo. Webber's first services will be announced.

Mr. and Mrs. Flynn have arrived from Medicine Hat to visit his mother in Gleichen.

Get out your flags for Saturday's big stampede and don't forget to enjoy the holiday.

July 29 to Aug 4.—The Gleichen Chautauque at Gleichen.

Conservative Principles are Restated by the Conservative Leader

A. A. McGillivray Sets Forth in Plain Language What the
Provincial Conservative Party Stands for in Coming
General Election.

Proportion of Moneys Expended on Roads to Go Toward
the Maintenance of Country Roads as Well as Main
Highways—Encourage the Inflow of Capital and Im-
migration to Supplement Efforts of the Dominion
Government.

SPEAKING at Rockford on Thursday afternoon, June
in support of Hugh Miller, Conservative candidate in
the Gleichen riding, A. A. McGillivray, leader of the pro-
vincial Conservative party, reiterated the items in the
policy of the party that he has stated from different plat-
forms in Alberta since being elected leader in August 1925.

In his usual fighting style, Mr. Mc-
Gillivray reviewed the record of the
old Liberal administrations and the
record of the present government.
Summing up his appeal to the elec-
torate following the declaration of
political principles, Mr. McGillivray
said the Liberal party cannot go back
into power and its record cannot be
hidden under the cloak of one new
convert.

Give Them Chance
The present government has failed
to cope with public questions, the
chief of which are redistribution, the
northern railways, natural resources
and the finance problem that it has
had to face, then why not give the
provincial Conservative party a
chance to demonstrate what it can
do? Mr. McGillivray left here at 8
p.m. for Oyen and other points in
Acadia riding.

In reiterating points in the Conser-
vative policy that have been enun-
ciated by him from many platforms
since he took the leadership of the
party in August, 1925, Mr. McGilliv-
ray said: "I have not gone in for the
form of political advertising that is
known as the manifesto. I observe
that the Liberal leader leaned toward
them in 1921. He issued one which
commenced as follows: 'True repre-
sentative government to replace the
party system. Independent candi-
date in West Calgary outlines con-
structive proposals for the establish-
ment for a democratic government
freed from partisanship and party
ism. Proportionate representation
truly effects popular will. Patron-
age system which is vital to the main-
tenance of party system, and is today
a national scandal, will disappear un-
der the reform method of election.'

"In so much as the new manifesto
of the Liberal leader commenced as
follows:
"Liberal Manifesto—J. T. Shaw,
Liberal leader, issues statement of
policy, and in so much as this
latest manifesto by Mr. Shaw, in so
far as it does not consist of copy-
book platitudes and glittering gen-
eralities, is partly taken from the pro-
nouncements of the Conservative
party, it may be well for me to re-
state the position of the Provincial
Conservative party upon some of the
provincial issues, a position taken and
given public expression to on the
platforms of this country at times
when Mr. Shaw was still an independ-
ent.

Conservative Platform
"The Provincial Conservative party
stands for the following:
"1. Redistribution whereby the num-
ber of constituencies will be reduced
so that there will not be more than
45 members in the legislature. This
reduction to be made having due re-
gard both to population and to the
sparsely settled areas.
"2. Reduction in the amount paid
as sessional indemnities of members
by \$500.
"3. A determined effort to make of
the United Farmers of Alberta or-
ganization something more than a
mere political machine and to advance
its development along social and econ-
omic lines.
"4. The encouragement of co-oper-
ative marketing. Even as supporters
of the Conservative party brought
Saprio to Alberta without thought of
political advantage, so will the Con-
servative party support any move-
ment for the benefit of the farmers
without seeking political glorifica-
tion.

"5. A fair proportion of the moneys
expended on roads being deflected
from spectacular trunk roads to far-
mers' market roads.
"6. In so far as it lies within the
legislative control of the province
keeping check over grain elevator
with respect to the weighing and
grading of grain.
"7. A real soil survey of the drouth
areas of the south by the greatest
agriculturalists available.
"8. Putting our provincial telephone
system on a business basis.
"9. Furthering any practical scheme
providing for rural credits.
"10. Equality for men and women
under the law.
"11. A recognition of the fact that
labor unions are as much an essential
product of modern economic life as
are the large corporations and that
they tend to bring about equality in
wage bargaining that would not ex-
ist if the individual had to bargain
with the great corporations.
Right of Appeal
"12. Providing a right of appeal
under the Workmen's Compensation
Act from an autocratic compensation
board.
"13. Raising the scale of compen-
sation for railwaymen in non-negli-
gence cases to the level enjoyed by
other classes of workmen.
"14. Equitable distribution of the
burden of taxation for upkeep of the
schools.
"15. A most careful consideration
of all possible ways and means for
providing security of tenure and a
practical pension scheme for teach-
ers.
"16. An examination of the school
courses by education technicians with
a view to making certain that our
student body is not faced with an
over loaded curriculum.
"17. Revaluation and sale on the
proper terms of the E.D. & B.C. and
Central Canada railways, with a con-
sequent saving of nearly one million
dollars a year.
"18. The obtaining of our natural
resources on fair and equitable terms
without any school questions or other
strings attached thereto. (The pro-
vincial Conservative party has stood
for this since 1906.)
Balancing the Budget
"19. The yearly balancing of the
budget. In September, 1925, while
advocates of this government were
still saying that it could not be done
without injuring essential services
the Conservative party took the po-
sition, as it does now, that the budget
could and should be balanced in each
year.
"20. A complete reversal of the for-
meral Liberal and the present govern-
ment's attitude toward capital by en-
couraging in every possible way those
who have money to invest in the ex-
ploration and utilization of our natu-
ral resources of all kinds.
"21. A provincial immigration and
colonization policy to supplement the
efforts of the Dominion Government
to get people and to retain them when
we get them here, so that with more
people amongst whom to distribute
the load we may hope to cope with
our debt and our ever increasing bur-
den of taxation. The provincial Con-
servative party is determined to
bring about an inflow of capital and
of people, because the future pros-
perity of our people is inseparably
associated with these.
"22. One system of voting for both
city and rural constituencies.
"23. An immediate decision as to
the Spray Lakes water power project.
"24. More local autonomy in munici-
pal affairs.

(Issued by the Provincial Conservative Association.)

The loafers are a pretty slick set of fellows. They
generally loaf around those who do not advertise, and as
a consequence are not much disturbed by customers. The
loafers understand their business better than some mer-
chants do.

The biggest discovery the boss can make about the
employee, or the employee can make about the boss, or
both about the customer, is that each is primarily a human
being.—Vision.

The Napoleon of business should realise that his pros-
pects, his customers and the rest of the world judge him
and his firm by appearances as well as by Dunn's.

Don't pity the man with the hoe. He's probably
after bait.

No farmer can feel very radical when the paying
teller greets him with a smile.

Here and There

On May 16 two hundred new Scot-
tish settlers arrived on the Canadian
Pacific liner "Metagama" in charge
of Father R. A. MacDonnell, manag-
ing director of the Scottish Immi-
gration Aid Society. This is the
second consignment of settlers
brought out this year under the Clan
Donald plan.

The well-known comic strip artist,
Clare Briggs, of "Mr. and Mrs."
fame, arrived in Montreal recently
with six New York newspaper men.
They then went up to the Laurentian
mountains for some trout fishing on
Lake Archambault and streams in
the immediate vicinity of St. Donat
Chalet.

A. L. Rawlinson, passenger agent,
and Victor Collignon, chief clerk of
the Canadian Pacific Railway at
Antwerp, have been appointed as
Officers of the Order of the Rou-
manian Crown by His Majesty, King
of Roumania, for services rendered
in connection with the general hand-
ling of Roumanian passengers at the
port of Antwerp.

An innovation is now in use along
the Laurentian run of the Canadian
Pacific Railway in the form of two
hospital cars which will meet any de-
mand which arises or urgent calls
that may occur in cases of illness.
First-class cars have been converted
into hospital rooms in such a way as
to easily take care of four or five
sick persons.

A record single shipment of In-
dian motorcycles, consisting of 85
cases from Amory, Mass., recently
arrived in Tokyo, having come for-
ward by Canadian Pacific rail and
steamer lines. The demand for
motorcycles in Japan is steadily in-
creasing as this is considered a cheap
and convenient method of locomotion
and well suited to the somewhat nar-
row roads of the country.

Work on the New Grand Hotel at
Yokohama, Japan, started in March
after various citizens had pleaded
with the municipality for at least
one good hotel for one of the main
ports of their Empire. The hotel
structure will be of concrete with a
steel frame and four stories in
height. The estimated cost is \$1-
150,000. Furnishings are expected
to cost another \$350,000, bringing
the total cost to \$2,000,000.

Initiative and resource shown by
the Foreign Department of the Do-
minion Express Company went far
to neutralise, if not entirely nullify,
shipping troubles during the recent
general strike in England. A fleet
of motor trucks in London, Man-
chester, Bradford and Liverpool
carried out receipts and deliveries
in the usual manner thereby elimi-
nating any ill effects to the British-
Canadian trade during the period of
the strike.

The English Football Team now
touring Canada was met at Quebec,
where they arrived on the Canadian
Pacific liner "Empress of Scotland,"
by Samuel Davidson, Secretary of
the Dominion Football Association.
The team played the first game in
Montreal and then went on to carry
out the schedule at Hamilton, To-
ronto, Fort William, Winnipeg, Re-
gina, Lethbridge, Calgary, Vancou-
ver, Nanaimo, Victoria, Edmonton,
Saskatoon, Timmins. The tour ends
July 14.

Travellers who arrived on the
"Empress of Russia" from the Far
East, and who crossed Canada in
order to connect with the sailing of
the "Empress of France" from Que-
bec late in May, stated that action
had been started for the stabilisation
of China and the end of brigand
rule. Under the chairmanship of Sun
Yen, son of the late president of
Southern China, Dr. Sun Yat Sen, a
meeting was held which may result
in the coalition of all the forces of
order in China.

OAKLAND SIX

PRODUCT OF
GENERAL
MOTORS

THE mechanical excellence of the new Oakland Six expresses itself in a spirited performance and an abundance of power for every demand. It rides more smoothly and with less vibration at any speed than cars selling for a thousand dollars more—this is due in part to the Harmonic Balancer, a device built into the crankshaft which effectively eliminates torsional vibration, but more particularly to the advanced design and construction of the entire motor and chassis.

The Fisher-built body finished in lustrous, durable Dux, always commands a second glance of admiration. While the handsome interior and comfortable seats have any previous conception you have had of Coach construction.

And, too, you will be amazed when you have seen and ridden in it—the new, much lower price which singles out the Oakland Coach as the logical motor car investment—a demonstration will convince you of this.

Here and There

S. Janowski and B. Stanhauer, the former Polish immigration delegate and the latter a delegate from the Polish Minister of Agriculture, are in Canada for a six-week study of farming conditions in western sections of the Dominion. They will also look into the distribution of work among the Polish colonies in Canada.

Four fishermen from the United States went fishing on the Cataraqui River, New Brunswick, for 15 days recently, and caught 340 fish. State Senator Bradford, of Indiana, caught a 45-inch salmon weighing 27 pounds. Others in the party were: Fred N. Peet, Dr. R. E. Zimmerman and D. H. Evans. Only barbs were used so that no fish were either killed or injured.

The second largest outdoor swimming pool in Canada has been opened at Lake Louise on the Terrace between the dining room of the Chateau and the lake. The new pool is 100 feet long and 40 feet wide. It is surrounded by tall concrete columns between which there are gigantic sheets of plate glass, providing a wind break against cold breezes.

Approximately 12,000 live fish, fresh from American hatcheries, passed through Dominion Express from the States to Montreal, recently, on their way to Beauharnois, Quebec. They will be used to stock private lakes in northern Quebec owned by wealthy citizens of the U.S., who prefer the virgin lakes and forests of Canada to the densely populated summer resorts of their own country.

Norman E. Wilkinson, London, England, inventor of camouflage paintings which was used extensively during the late war, arrived in Canada on the Canadian Pacific liner "Montcalm" with his wife recently, for a tour of the Dominion. Sir Clifford Sifton, prominent Torontoian, and Sir Stenford Pringle, M.M.C., famous mineral geologist, also arrived on the same vessel.

Col. C. H. D. Ryder, C.B., C.I.E., D.S.O., chairman of the Air Survey Company of London, England, interviewed Premier Mackenzie King and the prime ministers of the various provinces with regard to finding out the prospects of surveying practically the whole of the Dominion by air. He also wishes to consider the possibility of combined federal and provincial action for these surveys.

On his return from a recent tour of inspection of the Company's Western Line, Grant Hall, Vice-President of the Canadian Pacific Railway, stated that experts to the Orient in the form of grain, trout, dressed meats and motor cars were steadily increasing in volume and that trade with Australia had been considerably stimulated by the trade arrangements that the Dominion Mr. Hall added that conditions were good in the West. The mining industry in British Columbia showed up well, while lumber shipments were up than last year.

All roads led to Windsor Station, Montreal, for three days prior to the opening of the tenth annual international Kiwanis convention, which opened on June 8. Not only was the C.P.R. station the gateway through which an army of Kiwanians passed into Montreal, but, every one of the delegates, their wives and friends, about 7,000 in all, congregated there as the station had been constituted registration headquarters of the convention. A force of 32 stenographers was specially engaged to handle the work.

NOTICE OF SALE

THE DOMESTIC ANIMALS ACT (MUNICIPALITIES)

The following animals were impounded on May 31, 1926 in the pound kept by Felix Desjardins and situated on the S.W. 22-23-24 and were sold on June 11, 1926 to H. Stott, of Gleichen P.O.

One bay mare, weight about 600 lbs., no visible brand.

One horse, entire, 2 years old, grey lbs., no visible brand.

For further information apply to C. B. HYNDMAN, Sec. Treas. Blackfoot M. No. 213, Gleichen, Alta.

The Call continues to meet the best prices quoted for job printing in any part of Canada. Bring your quotations to this office and discuss the quality of paper, etc. included. Let us compare prices with any of the printing offices in Canada.

Here Is What "The U.F.A."

The Official Organ for the Province

HAD TO SAY OF CAPTAIN SHAW

Liberal Leader, as late as Sept. 15, 1925

CAPTAIN SHAW

"The announcement that Captain Shaw, who has represented West Calgary in the House of Commons as an Independent member for the past four years, will not be a candidate in the forthcoming election will be received with the deepest regret, not only in all parts of Alberta, but among forward-looking people throughout the Dominion.

"Capt. Shaw's withdrawal from public life would be a very serious loss to Canada. He made his mark in the last parliament, and he is recognized today as a parliamentarian of independent spirit and of outstanding ability and courage. He is one of a still small group of men in the federal sphere who have been paying the may for real advance of the petty personal policies of today, to constructive and genuine progressive statesmanship. His early return to public life will be hoped for by all who are familiar with his record of service in the parliament recently dissolved.

"Since the announcement of Mr. Shaw's intention not to be a candidate very great pressure has been brought to bear upon him in Calgary in the hope that he will reconsider his position. We trust that he may yet decide to allow his name to go before the electors on October 29th."

CAPT. J. T. SHAW

MARK YOUR BALLOT THROUGH

Do not be satisfied by marking No. 1 for your own party, but mark your second choice of the other two candidates.

MARKING YOUR SECOND CHOICE

In no way interferes with your first choice. Your first choice is not eliminated unless your candidate is the low man. If you "plump" for one candidate, it means merely that you make no second choice of the other two, if your candidate should be eliminated.

Vote 1 For The Liberal Candidate

If you are determined to vote No. 1 for another candidate, then vote No. 2 for Liberal Candidate.

Advt. Inserted by Alberta Liberal Party

6 Nations Represented at Girl Guide Conference

Girl Scouts gathered for luncheon view of head on the table.

Instrumental in advancing the Girl Scouts Movement through a closer relationship.

At present there are girl scout and girl guide movements in almost every community centre in Canada and the United States, while many of the rural districts are showing signs of interest in these organizations. The European party who arrived in New York on May 6, came to see for themselves the organization existing in force here. They visited Boston, Washington, Detroit, Buffalo, Toronto, and Montreal.

In the Canadian movement the visitors were welcomed by Mrs. G. H. Evans, provincial representative; Miss Mary H. M. Marler, divisional committee; Mrs. C. Campbell, president National Committee; Mrs. Ross McDonald, district commissioner. There were also a number of guide leaders and captains.

Canadian Pacific Railway Inviting Canadian Metropolitan with Girl Guides.

Representing thirteen nations of Canada and the United States and the world, a party of twenty-nine girl scouts and guides sailed from Montreal recently on the Canadian Pacific liner "Malina" after their informed and much more contented to carry on the work of the organization.

During various phases of the conference, Miss Lidholm said that the girls from thirteen different nations met them and accompanied them to the party.

Miss Lidholm, assistant in charge of the party, said that the members of the delegation had a last but not least many years and would be

Gleichen Branch D. Hutchison, Manager

Any farmer that is not wearing his blanket while these days is sure a very sick fellow.

Another bumper crop is now in full sight. May the rains gods continue their good lead.

Gleichen seems fortunate during an election for once—only four political meetings and then a stampede to wash the whole town before voting.

J. O. Dugdale is in a Calgary hospital where he underwent a surgical operation Monday. Latest reports are that he is making a good recovery.

The man who left \$20,000 to be used for the aid of struggling musicians might have intended to have mufflers bought for the saxophone buff.

Our modern girls, says a feminine authority on the subject, are neither pink nor so pink as they are painted. Also, it might be mentioned, neither discipline is particularly as attractive.

LOST—Overland 90 crank in town on east road to Cluny. Drive please return to Staback & Brown.

QUEENSTOWN HAPPENINGS

(From our Own Correspondent)

A. Bright was in Calgary last week for a short time.

A. B. McDonald was in Calgary over the week-end.

Gus Rivold returned from Calgary for a week before leaving on a trip to Banff and points in Washington and Oregon. His many friends regret that he is not in good health, and hope the trip will benefit him.

The plentiful rains of the past week have freshened the crops and broken the windy spell so that we are having beautiful weather with occasional showers, and everyone is looking forward to another bumper crop.

A meeting of the baseball club was held in the old pool room on Monday evening, June 14th. Some of the officers resigned and the following were elected: manager, W. S. Jennings; assistant manager, R. I. Parsons; field captain, W. Stocker. The financial side of the club is in excellent condition, and good support is assured for the season. G. Kingmeier stated that at a meeting of the gleichen association it was decided to let the local teams Milo and Queenstown draw to see which would play an outdoor game at the picnic in Lake McGregor Park next month. The meeting unanimously carried a vote thanks to C. Hilger, resigning manager, who has spared neither time nor trouble getting the team organized.

Mr. Ed. Jennings has purchased a car, built himself a garage, and now avers that he is going to show the rest of us some speed. Let's go.

In the league game played in Gleichen yesterday, June 14th, the local side drew the long end of a 7-2 score. It was a shut out until the sixth inning when Gleichen made 2. As it was a very old windy evening, only a few spectators were present, but these made up in noise what they lacked in numbers. Mr. McArthur refereed the game, which was called for darkness in the seventh inning.

By a score of 7-4 Gleichen won a game last Sunday. The visitors won a big lead in the first three innings due to Conley's weakness in the box. Loree shot them out for the remainder of the game, but the home team was unable to overcome the lead. Lyons pitched a good game for Gleichen allowing very few hits. H. Hoelle made a fine catch of a line drive in the first inning. G. Rivold refereed the game. Queenstown line-up: C. Conley, p.; Leroy; J. Conley, c.; Arton, lb.; Hilger, 2b.; H. Hoelle, 3b.; Somerville, ss.; Blue, r.f.; Staback, r.f.; Grayson, cf.; H. Hoelle, lf. Score by innings: Gleichen, 121 000000-7; Queenstown 19010021-4.

ST. ANDREW'S CHURCH SERVICES

4th Sunday after Trinity.
June 17, 1921.
Sunday School 11 a.m.
Evening Prayer 7:30 p.m.

The Sunday school picnic will take place on July 1st at the river. Cars will meet outside the church at 1 p.m. when it is earnestly hoped that in past years, those with cars will be there to help convey the children to the river. The ladies of the W. A. are looking after the cats which no doubt will be in abundance and good. There will be the usual prizes. Everyone come and make a good day of it.

We extend our best thanks to Mr. and Mrs. Leslie Pifer, who so kindly offered their home for our Sunday school picnic, but should the day be fine and warm, we thought it best to hold it at the river where the children need have lots of swimming.

The Rev. Mr. Lamb, from Niagara, Ont., who is spending his summer vacation in the west, preached last Sunday evening in St. Andrew's. The church was well filled and his address was most helpful.

Mr. W. H. James, president of Mrs. Andrew's Ladies Auxiliary, opened her lovely home last week to the members and ladies of the church. Rev. Mr. Gilbey, principal of the Old Sun School, Blackfoot, Reserve addressed the society, after which a luncheon was served on the lawn.

VOTE "I" FOR JOHN C. BUCKLEY

In voting for a candidate an elector should exercise the same care as he would in engaging a manager for his business.

The main question should be "What are his qualifications, and his record?" You judge a prospective employee, not on what he promises to do, but what he has done.

The Liberals have a record of sixteen years of office in this Province. This record they do not, and cannot defend. The public, however, has not forgotten it.

The Conservatives have no record at all. Their return, as that of the Liberals, would mean a return to the party system, and all that it implies.

The U.F.A. ask for your vote on June 28 on their record for the past five years. They offer a continuation of sound business administration for the benefit of the people of Alberta as a whole, and co-operation in place of party division.

The only argument Liberals and Conservatives offer is that of promises. The Government's argument is performance.

During the past five years, the cost of administration has been reduced 14 per cent, the Civil Service has been transferred from a basis of patronage to a basis of merit, a real highway policy has been put into effect, health and education services have been increased, etc. Efficiency is much greater in every department of government as a result of transference from a basis of party favoritism to one of business administration.

The Government have had to face the opposition of the daily press, they have had to shoulder the legacies of railways, irrigation schemes, cowbills, seed and feed relief payments, etc., responsible for our present debt. They have had to face the inaction of the Liberal Government in Ottawa with regard to natural resources, railway and colonization responsibility, provincial control of power and mineral development, etc. But despite these handicaps they have made remarkable progress.

Note the improvement since 1921.

1921 (Party Govt.)	1925 (U.F.A. Govt.)
Budget Deficit	\$2,118,209
Capital Debt Increase	\$10,700,000.00
Employees (August 13, 1921)	2,697
Public Health (1920)	\$78,744.00
Telephone Operating	\$50,611
Telephone Earnings	\$247,277.00
Telephone Operating Expenses	\$1,451,671.00
Printing Costs	\$38,568.00
School Grants (1920)	\$920,032.00
Government Inspectors	188
United Titles Office Costs	\$41,500.00
Educating 320 Agr. Students	\$193,000.00
Uncontrollable Expenditure (interest, etc.)	\$2,005,137.00
Semi-Controllable Expenditure	\$3,854,211.00
Controllable Expenditures	\$4,425,682.00
Interest rate Borrowings 6 per cent	\$2,442,877.50

Many other comparative figures are available if space permitted. Read them in the pamphlet "Five Years of Progress."

Use numerals only in voting. Do not mark your ballot with an X.

Issued by the U. F. A. Publicity Committee, Calgary.

BIG BASEBALL TOURNAMENT

Milo is holding a baseball tournament next Thursday, June 24th, at the Municipal Park and are offering \$250.00 as a purse. Four teams have entered and the first game start at 1 p.m. sharp between Arrowwood and Milo, the next at 3 o'clock with Red Cross and Champion competing and the first at 5 o'clock. Every arrangement is being made for a full day's fun, with refreshments, games of ball and a big dinner in the Co-Operative Hall in the evening.

OF THE THUNDERSTORM

When a great storm is raging, with flashes of lightning illuminating the sky and thunder crashes deafening our ears, we realize something of the stupendous powers of electricity.

If a cat's back is rubbed in the dark during hot, dry weather, sparks will often fly from it. They are perfectly harmless, though they are identical with lightning flashes, and the crackling that accompanies them is thunder on a small scale.

In a thunder storm and earth represents your hand and the clouds are the cat's back. The pressure that causes a flash of lightning may be as much as 1,000,000,000 volts—that is 5,000,000 times greater than that which is used for household lighting.

Could we collect and harness this power set free by a single flash of lightning we should have at our disposal a force greater than anything that can be produced by man.

It is a famous scientist's laboratory the experiment was tried of producing a million-volt spark. It lasted a ten-foot gap with a noise like the explosion of a bomb and came near to wrecking the entire building. This is the highest pressure that has as far been produced artificially.

Most of the lightning in a thunder storm does not come down to earth, but flashes from cloud to cloud. Occasionally a forked tongue leaps from cloud to earth, and then anything in its path is destroyed.

An able merchant who plans his advertising as carefully as he does his store methods, gradually builds up an entrenched position in the community; his policies and claims are accepted as fact, and steadily grow more enervated.

Lovs make the world go around, despite Bill, when it should be fast asleep.
